## Beef buy

Challenge Dairy's Fremantle boning room facility has been sold to Harvey Beef.

Harvey Beef CEO Michael Rapattoni said the aim of the deal was to add value through the supply chain.

He said this time last year they were killing 450-500 head a day; over the spring/summer period about 700 head a day; and now, with the new facilities, they would be able to go to 1000 head a day.

Mr Rapattoni, who would not say how much Harvey Beef paid for Fremantle City Processors' boning facility, said the challenge was to maintain consistent supply.
